Team unity can make a good team great.

Make players run faster and tackle harder for each other.

Help your team build unbreakable unity through a strong identity with a personally designed Nike kit.

Use Nike Kit Builder to select a strip featuring your team badge, player name, number and club colours, and send your selection to your friends by email or share it on Facebook.

**THE TEAM THAT LOOKS AS ONE
WILL PERFORM AS ONE**

DRI-FIT COMPRESSION SOCK

FABRIC ATTRIBUTES

- 1 Dri-FIT fabric pulls perspiration away to help keep you dry and comfortable.
- 2 Mesh fabric on the calf for excellent ventilation and comfort.

DESIGN

- 3 Ankle and foot flex grooves allow for freer movement and improves flexibility during cutting and acceleration.
- 4 Cushioning at the Achilles helps protect this sensitive area for enhanced comfort.
- 5 Dynamic arch bridge provides a supportive, compression fit and a stable feel.
- 6 Seamless toe design improves touch on the ball, enhances comfort, and reduces bunching and rubbing.
- 7 Channel cushioned sole helps move sweat away from the foot and provides padding for greater comfort.
- 8 Anatomical left and right socks are designed for a natural fit.
- 9 A compression fit hugs your foot for support and comfort.

KEY PRODUCT FEATURES

- Dri-FIT fabric pulls perspiration away to help keep you dry and comfortable.
- Dynamic arch bridge provides a supportive, compression fit and a stable feel.
- Channel cushioned sole helps move sweat away from the foot and provides padding for great comfort.

CONSUMER PROFILE

Ideal if you're a football player who wants a compression-fit sock with Dri-FIT fabric that provides arch support and has cushioning on the sole and Achilles for comfort.

INSIDE SCOOP

Dri-FIT Compression Soccer Sock has a dynamic arch bridge for a great hold on your foot and support for your arch during play. Check out the seamless toe design. It allows for a great touch on the ball and reduces rubbing for superb comfort.

DRI-FIT COMPRESSION SOCK

The Nike Dri-FIT Compression sock is a high performance and construction essential made with sweat-wicking fabric. • Left/right-specific for enhanced fit. • No-contact toe seam. • Fabric: Dri-FIT 77% nylon/18% polyester/5% elastane.

NIKE SEITIRO

THE WORLD'S BEST FOOTBALL

1 NIKE RaDaR

How do we improve the game as it evolves into a fast paced battle of inches and seconds? We provide the tools for success. The Nike Seitiro features NIKE RaDaR technology, which stands for Rapid Decision and Response. It is a lab and field tested standard of visual performance that allows players to see the ball better. Validated on pitch with some of the best athletes in the world, the combination of ball casing colour, graphic design, and contrast creates an optimal visual signal on the pitch.

What does this all mean? It means that NIKE RaDaR allows players to make faster decisions on the pitch and stay ahead of the pace of the game.

2 TRIED AND TRUE PERFORMANCE

The Nike Seitiro continues the tradition of Control, Accuracy, and Touch that is intrinsic to Nike footballs. A micro-textured casing design delivers confident accuracy and aerodynamic stability as airflow is equalized over the ball surface. The premium foam layer ensures consistent control and a soft touch in all conditions. Finally, due to GEO II balanced technology, the Nike Seitiro boasts an even transfer of energy throughout all panels, a 360 degree sweet spot that forces the ball to respond with power no matter where it's struck.

3 THE WORLD'S BEST FOOTBALL

Combine control, accuracy, touch, and Nike RaDaR, and you have the pinnacle in football performance. It's no surprise why the world's best footballers in the world's top leagues play with the Nike Seitiro. Exemplifying pure performance, innovation, and functional design, the Nike Seitiro is the World's Best Football.

4 NIKE SEITIRO'S FIELD OF PLAY

The Nike Seitiro the ball of choice for the best leagues of the world such as the English Premier League, the Italian Serie A, the Spanish La Liga, the Asian Champions League, the Asian Cup for federations, the Copa Libertadores and the Copa America. The Nike Seitiro is also used for the home games of the Nike Federations such as The Netherlands, France, Portugal, Brasil and Poland.

170
White/Volt/(Black)

- A high-tech combination of responsive touch, visibility and straight flight.
- Micro-textured TPU casing.

01 Oct 11 - 31 Mar 12

BALL QUALITY

ON THE BALL. UNDERSTANDING FIFA MARKS

Nike sets its own extremely high quality standards for every ball that bears the Swoosh.

We also participate in FIFA's testing and certification program. The football world's governing body uses seven lab tests to simulate match action and guarantee consistent performance.

FIFA APPROVED
To carry this mark, balls are required to pass all seven FIFA tests as described below.

FIFA TESTING PROCEDURES

TEST 1: CIRCUMFERENCE
The ball's diameter is measured at 10 different points and the mean average is calculated. FIFA Approved balls (size 5) must measure 68.5-69.5 cm. Circumference must be consistent for predictable play.

TEST 2: ROUNDNESS
In this test, the diameter of the ball is measured at 16 points and the mean average is calculated. The difference between the highest and lowest diameter must be no more than 1.5 percent for FIFA Approval. A slightly uneven seam can change the ball's shape.

TEST 3: REBOUND
The ball is dropped 10 times onto a steel panel from a height of two meters. FIFA Approved balls must bounce between 120 - 165 cm. The difference between lowest and highest bounce must be no more than 10 cm.

TEST 4: WEIGHT
Each ball is weighed three times in a sealed cabinet. FIFA Approved balls must weigh between 420 - 445 grams.

TEST 5: WATER ABSORPTION
A machine turns and squeezes the ball in a tank of water 250 times. FIFA Approved balls must not absorb more than 10 percent in additional weight.

TEST 6: LOSS OF PRESSURE
In this test, the ball is inflated to 1.0 bar. In 72 hours, it must lose no more than 20 percent of air for FIFA Approval. A ball which loses pressure during a game will perform erratically.

TEST 7: SHAPE & SIZE RETENTION
The ball is fired 2,000 times against a steel plate at 35 MPH. Seams and air valves must be undamaged. Pressure loss and changes in circumference must be minimal.

ARTIFICIAL GRASS

NEW NIKE AG ELITE

130
White/Black/(Green)

Constructed with the highest-quality materials for blemish-free visibility.

NIKE SHINGUARDS

All Nike Shinguards are available in various models and colours. Throughout the football season new colours are introduced. Check your local retailer for the latest Nike Shinguards

LIGHTWEIGHT

“Lightweight” shinguards are ideal for a finesse style player who utilizes his or her speed to make the difference in a game. When speed is one of your key points of difference, the less bulk you have the better it is for your performance.

POWER

“Power“ shinguards cover the full length of the shin and even below. Ideal for players who battle for the ball and want to stay fully protected.

NIKE GOALKEEPERS GLOVES

All Nike goalkeeper gloves are available in various models and colours. Throughout the football season new colours are introduced. Check your local retailer for the latest Nike goalkeeper gloves

LIGHTWEIGHT

The Vapor Grip 3 is the glove that is loved by many keepers around the world for its simplicity. The Grip 3 technology ensures that your hands are in a catch ready position. The use of breathable mesh creates the ultimate lightweight glove. No Fuss, feel the ball and concentrate on your game.

POWER

The Confidence glove has a custom fit system. This allows goalkeepers to customize their fit on the fingers, wrist and palm. Together with the punch platform it makes the Nike GK Confidence the preferred gloves for top goalies around the world.

MERCURIAL SPEED

SPEED AND ACCELERATION

THE PLAYER: Uses speed to find open space and torment defenses. Hungry for the ball and confident in their skills when they get it.

THE BOOT: Nike's lightest football boot is a marvel of speed and technical precision. Flywire technology reduces weight, adjusts to the foot, provides support and increases ball feel. Carbon reinforced chassis provide incredible energy return and strength, while injected studs and vapor traction patterns provide effortless cutting and instant acceleration. Revolutionary traction technology provides extra grip and improves ball control.

Colour update every 3 months

T90 ACCURACY

POWER AND ACCURACY

THE PLAYER: A tireless player who's seemingly all over the field at once. Strikes at will, with great power and precision.

THE BOOT: Angled, raised fins create friction and increased ball spin, enhancing shooting and passing accuracy, while the cutting-edge shape correcting memory foam provides a super-smooth surface for truer strikes. In addition, the innovative instep pods ensure even pressure on the ball, leading to shots and passes with powerful precision. The direct-inject bladed studs optimize traction and stability and the carbon reinforced chassis engineered for incredible energy return and strength.

Colour update every 3 months

CTR360 CONTROL

INCOMPARABLE CONTROL

THE PLAYER: An all-around player with excellent vision and technical skill. Great at winning the ball and at setting the tone of attack with pinpoint passes.

THE BOOT: Front-foot dampening pads give outstanding first-touch ball control, with the receive-pad enhancing control and the instep-pad boosting distribution. Moreover, direct-inject bladed TPU studs advance traction and stability, while anatomically-engineered lacing system maximizes ball control surface. Kanga-lite – all conditions synthetic leather - optimizes comfort, fit and performance and Tepex® composite carbon chassis delivers exceptional energy return and lightweight strength.

Colour update every 3 months

TIEMPO Touch

INTUITIVE TOUCH

THE PLAYER: Consistently puts graceful, intuitive touch on the ball. Extensive knowledge and mastery over the game. A player who continues to redefine "classic".

THE BOOT: Soft, supple kangaroo leather offers premium touch on the ball and remarkable performance whatever the conditions. Contoured heel and cushioned sock-liner deliver ultimate fit and comfort, while lightweight outsole with a conical and bladed stud combination provides excellent traction, comfort and stability.

Colour update every 3 months

WASH INSTRUCTIONS

CARE INSTRUCTIONS FOR NIKE TEAM SPORTS APPAREL PRODUCT

Care for jerseys promptly. The sooner you pre-treat and launder the stained clothes, the better your results will be. Don't allow mud or stains to set. Do not leave wet or dirty jerseys in football or gym bags, where smells and permanent stains can develop.

If a stain is not removed in washing:

1. Do not dry it. Dryer heat will set the stain.
2. Soak the stain in a pre-wash. In the case of severe staining it may be necessary to apply a stain remover directly to the affected area. Then launder again.
3. Do not dry a garment until the stain is removed because dryer heat will set the stain.

Once stain is removed launder as per usual custom.

CARE DEFINITIONS

Pre-treat heavily soiled spots. Apply undiluted laundry detergent with a bleach alternative.

Pre-soak heavy stains. Soak stained items in a plastic bucket or laundry tub with the warmest water safe for the fabric and a good laundry detergent for one to three hours. Sensitive stains should be rinsed in cold water, and then washed with a non-chlorine bleach product.

Pre-wash: Used for heavily soiled garments. Run through the pre-wash cycle with the recommended amount of detergent. When wash cycle is complete, drain the pre-wash solution and launder in the hottest water recommended by the manufacturer.

PLAYERS NUMBERS

BREATHABLE WITH A SWOOSH!

Designed to enhance your Nike Teamsport Kit, durable, flexible & Breathable. Make sure your retailer applies 'Official Nike Teamsport Numbers' to your kits.
